THE BOLOGNA BOOK FAIR IS ORGANIZED WITH THE SUPPORT OF ITA AND MAECI

Thanks to the support and collaboration of the Italian Trade Agency (ITA) and the Italian Ministry of Foreign Affairs and International Cooperation (MAECI), BCBF has been able to strengthen its international reach and foster opportunities for the publishing industry. ITA and MAECI supported initiatives have been crucial for the development of the Bologna Children's Book Fair and BolognaBookPlus, the area devoted to general trade publishing. ITA and MAECI's contribution has been fundamental in developing key business hubs within the fair, such as the Comics Corner and World Lounge, further enhancing the international scope of the fair.

In addition is a large Invitation Programme boosting the attendance of 125 top-level foreign professionals from many different countries. The Invitation Programme is a key feature to consolidate BCBF and BBPlus as a reference point for the most important buyers in the publishing sector and as an international market for Italian publishing exports. Direct contact with Italian publishers is facilitated by an extensive matchmaking programme organized in collaboration with the Italian Publishers Association (AIE).

GAMES BUSINESS CENTRE

THE FUTURE OF CROSS-MEDIA ENTERTAINMENT

BCBF and Frankfurter Buchmesse have joined forces to launch the Games Business Centre, a new initiative designed to bridge the gap between publishing and gaming, expanding the book-to-screen offering of both fairs. More than just a meeting space, the Games Business Centre hosts a cutting-edge programme of events, exploring key industry topics such as cross-media rights and the growing influence of gaming in storytelling – from children's content to entertainment for all ages. For this inaugural edition, over 150 meetings have been organized between registered gaming companies and exhibitors from BCBF and BLTF/Kids.

In connection with the Games Business Centre, we invite BCBF attendees to visit the Bologna Game Farm Playground at the Esprit Nouveau Pavillon (right outside the main Book Fair visitors entrance) and discover new projects developed by Italian gaming companies.

COMICS CORNER

THE BOLOGNA HUB FOR WORLDWIDE COMICS PUBLISHERS

Launched in 2020, the Comics Corner has grown steadily and has become a key destination for industry professionals. The Comics Corner collective area features this year over 90 comic book publishers from 26 countries and regions.

Here, publishers can showcase a selection of their books, hold professional meetings to exchange publishing rights, explore the comic production of other countries, discover new trends in the industry, and network with peers. The exhibition area is open to visitors looking for cutting-edge trends and new titles and provide the audience with an incredible overview of the comic-book landscape internationally.

In addition, nearby The Content Café and The Illustrators Survival Corner host a dedicated program of meetings looking at comic-book publishing. Topics include: Comics and Resistance; Feminism, Bodies, Identities in kid's comics; a focus on independent comics for young adults, a journey through the Baltic Comics Scene, an insight on Latin American Comics today, Silent Comics and much more.

BCBF's spotlight on comics also includes portfolio reviews, masterclasses, and the BolognaRagazzi Comics Award.

The Comics Corner Directory is available on the BCBF website and on the GRE, the BCBF's online copyright trading platform.

WORLD LOUNGE

A GLOBAL HUB FOR INTERNATIONAL PUBLISHERS IN THE BOLOGNA INVITATION PROGRAMME

The BCBF/BBPlus Invitation Programme – created with the collaboration and support of ITA and MAECI – enables a number of international publishers carefully selected for their publishing output to participate in the fair as guests in the yearly Invitation Programme.

The aim of the Programme is to enrich the fair's offer with quality publishers from all over the world and involve them in an agenda of B2B appointments with Italian publishers to foster the international exchange of rights. The matchmaking programme is managed through a dedicated platform in cooperation with AIE - Italian Publishers Association.

The World Lounge at BCBF 2025 welcomes 40 publishers from 32 countries.

After the three-year experience of Spotlight on Africa, the space in which the Bologna Children's Book Fair promoted the participation of 100 African publishers at the fair, BCBF's commitment in supporting African publishers continues. In fact, this year, 7 publishers from the African continent have been selected to be part of the World Lounge.

Tomolo Edigio edizioni is a small Italian publishing house specialising in illustrated books.

Our children's book series are intended to teach about values like love, friendship and respect, and offer children the opportunity to get in touch with other cultures. Besides our series written by contemporary authors and illustrated by Italian artists, we offer a series of English books and bilingual books (Tomolo International).

Our illustrated books are not only aimed at children. We have a hard-cover book series, Le Tomolegende, intended for adults and collectors or, more generally, people who love beautiful, fairy and old-style illustrations. Each book focuses on local legends and investigates Italian and foreign folklore.

Tomolo Edizioni has recently expanded its catalogue and currently includes fiction for adults (romance, fantasy, thriller).

CHILDREN'S LAUREATES

A COLLECTION OF EMINENT CHILDREN'S BOOK AUTHORS AND ILLUSTRATORS GATHER IN BOLOGNA THIS YEAR

The biennial International Laureates Summit will take place again at Bologna Children's Book Fair in 2025. This continues the tradition of bringing together a growing number of Laureates and Reading Ambassadors from around the world. Each country has its own unique focus, but all are united in their goal to encourage all children to read. The Laureates and their support organisations will meet to discuss reading promotion in their respective countries, share their work, and outline their future plans. There will be a public talk featuring all 7 attending Laureates, chaired by Julia Eccleshare, at the Next Chapter Café. The programme also presents a meeting with all the Laureate project teams, to learn about their experiences, and explore how they have developed their programmes.

THE "MAKE-A-PICTUREBOOK" PROJECT

After three years of *Spotlight on Africa*, which brought 100 African publishers to the Bologna Children's Book Fair, BCBF now focuses on illustration training. The *Make-a-Picturebook* Project, an online course by BCBF in collaboration with the Book Buzz Foundation and curated by Mimaster Illustrazione, supports emerging African illustrators. The two best projects, by Chiamaka Barbara Chukwu and Kayode Onimole, are showcased at the fair, with the winner's work to be published by Tanja Books, an imprint of Ouida Books (Nigeria).

CHINESE EXCELLENCE IN CHILDREN'S ILLUSTRATION 2025

The extraordinary experience of the exhibition series "Italian Excellence", documenting the best of contemporary Italian illustration, alongside the mutual friendship established between BCBF and China, inspired in 2024 the first ever development of the exhibition series "Chinese Excellence in Children's Illustration". Each year, a jury of international and Chinese experts will select the best Chinese illustrators, thus contributing to building an outstanding overview of contemporary Chinese illustration. The 2025 Jury, composed of Ao Ran, Cathy Olmedillas, Li Jianping, Long Niannan, Tan Fengxia, Marcella Terrusi, Mireia Trius, selected 1 winner and 18 finalists whose artwork is featured in the exhibition and in the catalogue, published in English and Chinese. The initiative is organized by BCBF, China South Publishing & MediaGroup and Sidee Cultural Communication.

THE BRAW AMAZING BOOKSHELF SUSTAINABILITY: 17 GOALS FOR A BETTER FUTURE

The experience of exhibiting children's books with a sustainability theme continues successfully, enriched this year by the framework of the BRAW Amazing Bookshelf. This exhibition features 150 outstanding sustainability-themed children's books from all over the world, gathered by the 2025 BRAW special category dedicated to the 17 Sustainable Development Goals of the United Nations 2030 Agenda. Children's literature serves as an effective tool to introduce global issues to young audiences, empowering kids to create a sustainable future and make a difference in their communities from an early age. The exhibition is inspired by the SDG Book Club, a collaboration of the United Nations, the International Publishers Association, the Bologna Children's Book Fair, the European & International Booksellers Federation, the International Board on Books for Young People, and the International Federation of Library Associations and Institutions.

EMPOWERING WOMEN IN PUBLISHING GLOBALLY

PublisHer is back at the Bologna Children's Book Fair with the PublisHer Lounge, unveiling its most dynamic and impactful program to date. This year's Lounge offers a carefully curated lineup designed to spark meaningful discussions and address the challenges faced by women in the publishing industry. Founded in 2019 by Bodour Al Qasimi, former President of IPA - International Publishers Association, PublisHer takes a comprehensive approach to tackling gender imbalances in publishing. By combining macro-level strategies with actionable, scalable solutions, it champions greater representation and equity for women in the industry.

The PublisHer Lounge at BCBF features thought-provoking panel discussions with influential women leaders in global publishing, workshops led by top industry innovators and thinkers, professional and personal development opportunities, networking, and face-to-face mentorship sessions with experienced professionals.

Adding to the excitement, the PublisHer Excellence Awards returns for its second edition, celebrating women who have driven real-world change in publishing. The winners will be announced during the BCBF Awarding Ceremony on March 31. Join us at the PublisHer Lounge to be part of the movement shaping the future of women in publishing!
