THE 59th BOLOGNA CHILDREN'S BOOK FAIR — 21-24 MARCH 2022

YUVAL NOHA HARARI AT BCBF

His new project for pre-teens

Prof. Yuval Noah Harari is a historian, philosopher, and the bestselling author of *Sapiens: A Brief History of Humankind*; *Homo Deus: A Brief History of Tomorrow*; *21 Lessons for the 21st Century*; and *Sapiens: A Graphic History*. His books have sold over 35 million copies in 65 languages, and he is considered one of the world's most influential public intellectuals today.

Harari will be at Bologna Children's Book Fair Illustrators Café – 23th March, 13.30 - to announce his new project for pre-teens.

"This is the book that I wanted to read as a kid. It's a fun book – I hope young readers won't want to put it down; and it's also dead serious – aiming to preoccupy you with the questions it raises. It is very important that the conversation about our common past and our collective future challenges, includes young people – the adults of tomorrow – and encourages them to think critically about global issues."
